Please refer to the ACCA's A Practical Guide to Writing Assessments attached with this letter. It gives the background to understand various elements that students need to consider when writing their own assessments. It also has information on the intellectual levels relevant to ACCA exams. Also, it gives guidance around what the criteria mean from a practical perspective, including examples of questions.

Full details of the syllabus, study guide and examinations are available on ACCA's website at <http://www.accaglobal.com>.

Best Regards

Professor D. L. P. M. Rathnasingha

Head/ Department of Finance
